Objectives: As a result of this presentation the participant will be able to...

- Identify how the transition to Managed Care and Community Health Choices will impact Medicaid rates, level of care appeals, and other financial considerations.
- Assess the impact of new developments in Health Care Law and Regulations on facility status and resources.
- Understand how to maximize reimbursement from all payer sources in the new Managed Care system.
- Describe what the new Pa. Medical Marijuana Law requires licensed nursing facilities to do to accommodate residents' authorized use of medical marijuana, while protecting Federal licensure/certification and reimbursement.
- Evaluate the impact of recent NLRB Decisions on facility workplace organization status.
- Understand labor law developments, including medical marijuana in PA, that may require an update of employee manuals.
- Identify ways to utilize telemedicine as a way to improve care.
- Recognize ways to lower hospitalizations, thus increasing revenue.

- Describe the ethical considerations involved in dealing with Government Officers and facility attorneys during investigations of facilities.

Prerequisites: Prior knowledge in the area of long-term care.

Experience level: Intermediate

Required advanced preparation: None

Teaching methods:

- Facilitated Lecture/Content Review
- Interactive Panel Discussions
- Case Study Discussions
